St. Wilfrid's C.E. Primary School

Pupil Premium Spending 2017/18

What is Pupil Premium?

The pupil premium is additional funding given to publicly funded schools in England to raise the attainment of disadvantaged pupils and close the gap between them and their peers. In the 2016 to 2017 *financial* year, schools received £1,320 for each eligible primary-aged pupil. The Pupil Premium Grant is allocated to schools on the basis of the number of students on roll known to be currently eligible for Free School Meals (FSM) or who have claimed in the last 6 years (known as the Ever 6 FSM), as well as students who have been looked after continuously for more than 6 months by the local authority (LAC - looked after children) or children whose parents are currently serving in the armed forces.

Schools must decide how the Pupil premium money is best spent and all schools are required to report on the amount of funding allocated and how this is being used.

Principles

We have allocated the Pupil Premium Grant to make sure all children have their needs met through quality first teaching, additional teaching assistants and intervention groups for academic progress, opportunities to access enrichment activities and effective pastoral and welfare support. We carefully track the impact of this funding on the attainment, progress and welfare of our disadvantaged children.

The key barriers to future attainment for our children are:
Low attainment on entering the school at EYFS or in later year groups
Social and emotional issues affecting self esteem, resilience and growth mindset when approaching work
Lack of opportunity for extra curricular activities and support/resources for learning at home
Disruption to life outside of school and health issues resulting in low attendance
Low attainment on entering the school at EYFS and/or specific additional educational needs.
